

What Others Are Saying About 'Mystic Chapel'

"*Mystic Chapel* ... is a gift to the Church and world."

The Most Rev. Joseph W. Tobin, C.Ss.R.
Archbishop of Indianapolis

"The musicians are highly skilled... their words challenge us to hold on to the faith once delivered..."

Paul Cain
Lutheran Book Review

"The music is clear, intense, and upbeat... It reminds me of the music of the Beatles -- '60s music, but with a Catholic flare."

Jean Heimann
Catholic Fire

"Some musical components brought to mind The Beatles, Crosby, Stills, Nash and Young... The Eagles... Sting... It is clear to me The Project want to communicate their deep faith to others through their musical gifts... They celebrate their faith and pass it on to us to enjoy."

John Predmore, SJ
Ignatian Spirituality: Set the World Ablaze

"... A sense of mystery and an attitude of worship... a theological sophistication that is not true of all Christian musicians..."

Bob Cornwall
Ponderings on a Faith Journey

"Might it sound odd to say their music reminds me of Phil Keaggy meets The Beach Boys... This is not today's corporate American vanilla Coldplay-sounding megachurch music..."

Mark Weber
Christian Music Makers

"*Holy Father* was another early stand out for me... that would have been as at home on The Beatles double 'White Album' as on a Christian rock album such as this..."

Carlos X
Supermartyrio

“... The entire album has an otherworldly quality. In ‘Mystic Chapel’, The Project brings us a dream, or perhaps a vision, of the journey that is our faith.”

Lisa Deam
Ancient Future Faith Network

“So much of Christian music today is shallow and sallow lyrically, theologically and musically. We have here a remedy to all those ills...”

Michael Newnham
Phoenix Preacher

“... the tunes are strong, the music beautifully clear, and the packaging... is created artistically and with care.... this is a highly professional production with spiritual integrity, and a release with one foot in the seventies, but the other striding towards the future. “

Derek Walker
Church of England Newspaper

“Your songs strengthen our hope...”

The Most Rev. Vincenzo Paglia
President, Pontifical Council for the Family

“...This album enables individuals to enter into and participate in an Easter Season service of evening prayer wherever they are and then move back into whatever is next in their personal journey having joined in prayers offered by Christians for centuries...”

Taylor Burton Edwards
*Director of Worship Resources, UMC
The United Methodist Reporter*

“*Mystic Chapel* is like a softly pulsing jewel, easy to admire and gloriously constructed... If you liked Crosby, Stills and Nash or The Eagles, you’ll love this.”

Stella Redburn
Cross Rhythms, UK

“Mystic Chapel is a collection of nine songs that are at once celebratory of what was, a lament for what’s been lost, and a kind of bridge to the here and now... Bell and Arnold proclaim it simply, strongly, and with great conviction. I, for one, am grateful for their individual voices, as well as their ongoing harmony.”

Josh MacIvor-Andersen
*Evangelicals for Social Action
Prism*

“... A gripping collection inducing personal meditation/contemplation, stirring ones spirit to action for good in our tumultuous world.”
